

LOGESHWARAN G

Web Developer

LinkedIn: [LinkedIn Profile](#) Email: logeshwaranng@gmail.com Mobile: 6383378490

SUMMARY

Motivated and enthusiastic Full Stack Developer with hands-on experience in React development and a Java Full Stack certification (Certificate No: JSP-26-099). Skilled in building responsive web applications using HTML, CSS, JavaScript, React, Tailwind CSS, and Java technologies. Passionate about learning new technologies, solving real-world problems, and developing scalable, user-friendly applications.

PROJECTS

AI Powered Crop Yield Prediction Modeling Environment Factors

[Github Profile](#)

- Built AI-driven crop yield prediction system integrating environmental data.
- Developed models to analyze key variables and provide agricultural insights.
- Created ML framework optimizing yield predictions for precision farming.

E-Commerce [Github Profile](#)

- Led the full-stack modernization of a luxury e-commerce platform, replacing a traditional Spring Boot and Vite setup with Next.js .
- Architected a high-performance database schema using AWS DynamoDB SDK v3, utilizing an optimized Single-Table Design pattern.
- Implemented secure checkout workflows featuring persistent state management via Zustand and automated PDF invoice generation using pdfkit.
- Enforced robust backend route protection on sensitive user endpoints by deploying custom JWT middleware authentication handlers.

EXPERIENCE

WEB DEVELOPER INTERN

Webtronics

05/2026 – 06/2026 • Salem

- Developed "24SJU" using Next.js, leveraging server-side rendering (SSR) and static site generation (SSG) to maximize performance and SEO.
- Built "SmartStoring" with Next.js and Headless WordPress, separating the frontend presentation layer from the backend content management system via REST/GraphQL APIs.

SOFTWARE ENGINEER INTERN

Vajram Technologies

02/2026 – 04/2026 • Covai

- Developing real-time web applications including and RX-Engine platforms.
- Implementing modular UI components and connecting front-end layouts with back-end logic.

CERTIFICATIONS

JAVA FULL STACK DEVELOPMENT

Successfully completed a Java Full Stack course at JSpiders, gaining hands-on experience in SQL, Java, Spring Framework, JDBC, Servlets, Hibernate, and Web Technologies. Certificate Number: JSP-26-099

SKILLS

Java Next.js React Tailwind CSS
HTML CSS JavaScript
Git GitHub VS Code Postman
SQL JDBC DynamoDB

Currently Learning

Full Stack Java Spring Boot

EDUCATION

B.E. Computer Science and Engineering
Mahendra Institute of Engineering and Technology
2021 – 2025 • Namakkal • CGPA: 7.77

Class XII (HSC)
Jothi Vidhyalaya Matric Hr Sec School
2020 – 2021 • Salem • 74%

Class X (SSLC)
Jothi Vidhyalaya Matric Hr Sec School
2018 – 2019 • Salem • 61%

KEY ACHIEVEMENTS

Strengthened Application Security
Prevent brute-force attacks by limiting login attempts and throttling requests across authentication endpoints.

Enabled Real-Time Payments
Integrated a secure real-time payment gateway ensuring reliable and validated online transactions.

Enforced API Rate Limiting
Enforced rate limiting to prevent abuse and improve API stability.

INTERESTS

- Learning New Technologies
- Solving Coding Challenges
- Building Personal Web Projects

LANGUAGES

- English – Proficient
- Tamil – Native
